

NEWGA Member Club General Managers and Head Golf Professionals

I hope this communication finds you, your family and all your club members safe and healthy during this unprecedented time for the country amidst the COVID-19 pandemic. Hopefully, your club has opened back up and your members are able to enjoy time with their family and friends this Memorial Day weekend and coming spring and summer.

The purpose of this letter is to give everyone an update on the status of NEWGA events and golf tournaments as the state rebounds from the effect of stay at home restrictions that were in place and continue to be relaxed.

Due to the uncertainty and timing, several of our earlier scheduled events were cancelled with the hope to be rescheduled later in the year. Each of the organizations' boards (Men's, Ladies and Senior's) have met or discussed their schedule of events which are outlined below. The NEWGA web page (www.newga.org) and Facebook page have also been updated with this information.

We all look to get back out onto the course to enjoy the fun, camaraderie, and competitiveness of NEWGA events. We hope, now more than any other time, you can support and promote the events that will take place. If your club is/was scheduled to host anyone of our upcoming events, feel free to reach out to your respective board liaison or the tournament chair if you are unsure about the timing and specifics regarding the event.
