Payout Example for Blind Bogey

When registering, each golfer should draw 1 – 3 numbers between 70 & 100.

$5.00 per person is to be used from the entry fees for the Blind Bogey Payout.

Please follow the example below for the payout:

- 120 golfers X $5/golfer = $600 to be paid out
- Draw three numbers, e.g. 72, 78, 83 (each number has a "pot" of $200)
  - 5 people pick 72, therefore receive $40 each ($200 ÷ 5 = $40)
  - 8 people pick 78, therefore receive $25 each ($200 ÷ 8 = $25)
  - 6 people pick 80, therefore receive $33.33 each ($200 ÷ 6 = $33.33)

If a golfer choses 80 three times, he would receive $33.33 x 3 = $100 (rounded)
